Q&A

May 24, July 19, & October 25, 2021

11:00 - 12:30 Eastern Time

For Polyvagal Guided Clinicians

In this webinar series, Deb Dana will be joined by her long-time assistant Tina Zorger to answer a curated list of questions. Prior to each webinar participants will be invited to submit questions which will be grouped by topic. A few questions during each session will be answered in a live conversation with Deb. Participants who want to volunteer to ask a question live during the webinar can note that when they submit their question.

Nuts and Bolts...

- The series is open to all clinicians who have a working understanding of Polyvagal Theory and are using a polyvagal approach in their clinical work.
- The series is offered in a webinar format so participants will not have access to their cameras and microphones,
- The Q & A sessions are not recorded. To participate, participants must be present during the Zoom webinar.
- No CEs are offered for this series.
